YA18.16 Berry District Park - Detailed Design Update**HPERM Ref:
D18/242020**

Liliana Hutchison will provide the Committee with an update regarding Berry District Park.

Liliana provided the Committee with an update regarding Berry District Park and advised that "Boongaree" had been voted as the name.

Liliana also noted that Council will be holding a consultation workshop from 10am to 12pm on Saturday 1 September and distributed fliers to the Committee to promote the workshop.

Boongaree will include a basketball court, shade areas of trees as well as structures, misting devices and a bush tucker garden. Boongaree is close to the main street cafes and shops and is part of Council's plan to boost the Berry economy following the opening of the Berry bypass.

A draft plan of the park was distributed at a previous meeting of the Youth Advisory Committee and is also available on Council's Get Involved website.

Liliana also noted that the nature play design is still in the process of being completed and consultation with Berry Rotary is ongoing. It is planned to plant of red cedars and other native species in the park.

Clr White advised that Berry Garden Club has been given a nearby parcel of land to establish a botanical style garden. Boongaree is also closely located to the Berry Men's Shed.

Members were invited to promote and participate in a workshop regarding the proposed design of Boongaree Park. The workshop will be held on 1st September 2018 at Boongaree Park.

GENERAL BUSINESS

YA18.20 Enforcement of Plastic Bag Ban in Huskisson and Vincentia

**HPERM Ref:
D18/197500**

The Youth Advisory Committee resolved on 9 May 2018 to add this item to the next agenda. This request was from St Johns High School. Cllr Gartner, Chair of the Sustainable Futures Committee, has accepted an invitation to speak to the Youth Advisory Committee about this issue.

Cllr White noted media and Council promotion of Plastic Free July and concerns about plastic bag use raised by the Youth Advisory Committee at the previous meeting.

Cllr Gartner stated that:

- In 2003 Huskisson and Kangaroo Valley decided to become plastic bag free communities.
- Slowly over time plastic has crept back into the economy because of the perception of ease of use of plastic bags.
- No legislation in NSW to ban plastic bags to enforce. Some retailers have voluntarily banned single use plastic bags.
- Other states do have legislation to ban plastic bags and have noted a 20-30% reduction in use of plastic bags. Jude Deane confirmed a reduction of plastic from 5% to 1% of all litter in those states with legislative bans.
- The reason the plastic bag ban in Huskisson and Kangaroo Valley have not lasted is the absence of legislation banning plastic bags.

Cllr Gartner introduced Jude Deane of Plasticwise Bay and Basin. Jude spoke to the history of Huskisson and Kangaroo Valley's voluntary plastic bag free. Local artist Cheryl Leigh Cross used waste in her artworks to express concern about plastic going into the ocean and was one of the key drivers for 2003 plastic bag free communities.

Jude noted further works of Cheryl Cross in collaboration with others such as Say No to Plastic in 2008 and Jervis Bay Cares in 2010 and Huskisson Seaside Scavenge in 2017. Jude also noted larger campaigns such as the War on Waste. Jude also spoke about the role of Plasticwise in educating people about plastic use and waste. Catherine offered to send a link to the Plasticwise website to Youth Advisory Committee members.

Cllr Gartner referred to Kiama High School featuring on the War on Waste. Students analysed waste going into landfill, identified what could be recycled or composted and committed to become a waste free High School. Cllr Gartner suggested that the Committee invite a representative from Kiama High School to talk to the Youth Advisory Committee about their experience.

Cllr Gartner asked members what initiatives were in place across the High Schools. Members reported that:

- Shoalhaven High School Student Representative Council have introduced bins for container deposit collection.
- St Johns High School also have container deposit bin. Refillable metal water bottles are available for sale at the school canteen. Single use straws is the School's next challenge.
- Bomaderry High School have trialled a composting scheme and reported insufficient support to continue the trial.

Cllr Gartner invited a representative from the Youth Advisory Committee to speak to the Sustainable Futures Committee about initiatives being undertaken by schools. Jude invited Committee members to join Plasticwise and contribute.

RESOLVED (Cllr Gartner / Nicola Boyle)

That:

1. The Youth Advisory Committee include an action in its 2018/19 Strategic Plan to collate data about waste reduction that are being undertaken in schools throughout the Shoalhaven Local

Government Area;

2. Staff seek expressions of interest for a Youth Advisory Committee member to attend the Sustainable Futures Committee to present a summary of waste reduction initiatives that are being undertaken by schools throughout the Shoalhaven Local Government Area.

CARRIED

YA18.21 Additional item - Traffic options and pedestrian safety - John Purcell Way and Hillcrest Avenue

Students from St Johns High School raised concerns about the intersection between John Purcell Way and Hillcrest Avenue, particularly during school and netball start and finish times.

Clr White noted that Council has recently done works on Hillcrest Avenue.

RECOMMENDATION (James Dosey / Clr White)

That:

1. Council request staff investigate traffic options and pedestrian safety for the intersection of Hillcrest Avenue and John Purcell Way due to the large volume of traffic during school times and at sporting events;
2. A member of Council's traffic unit attend the next meeting of the Youth Advisory Committee.

CARRIED

YA18.22 Additional item - Student Safety - Bush Track behind Shoalhaven High School

Jessica raised concerns about safety of bush track behind on Shoalhaven High School. Suggestion to make it safer or block it off.

The Committee discussed cost of measures and ownership of the land.

Clr Gartner suggested school committee members do some research and survey their schools about preferred options and the best way to establish.

Catherine proposed to add the issue to the next agenda.

There being no further business, the meeting concluded, the time being 11.55am.

Joshua Fisher, Shoalhaven High School
