MIN18.847

That a Presentation of Petition be introduced.

CARRIED

Clr Cheyne presented a petition containing 1213 signatures which states:

Help Save Waratah Park as Public Space. We call on the Shoalhaven City Council to urgently:

1. *Purchase the freehold property known as Waratah Park located at 49 Meroo Street within the precinct of the Bomaderry shopping centre.*
2. *Dedicate the property as public open space for community purposes such as gatherings, picnics, children's play area and community garden.*

*The property was an unkempt vacant block for many years until 18 months ago, when the Pride of Bomaderry CCB, with consent of the owner, developed it as a public park.**The owner is willing to sell the land at a reasonable price. In recognition of its value as a community resource held in public ownership, the community calls on Council to urgently resolve this problem by purchasing the property. Council has paid the insurance for the current year but the park is still under threat.**The Community Consultative Body will assist Council with ongoing maintenance and management of this valued piece of real estate.***CL18.282 Notice of Motion - Media Releases****HPERM Ref:

D18/368261****Recommendation**

That Council

1. Consider the inclusion of the VRRRA's priorities in the Pedestrian Access & Mobility Plan (PAMP) for future work's programmes
 - a. Priority 1: Pathway extension from corner of Elizabeth Drive and Minerva Avenue up along Minerva Avenue to address significant safety concerns, as well as traffic calming measures to slow traffic down the steep slope of Minerva Avenue;
 - b. Priority 2: Upgrade of the current bush track from Plantation Point to Blenheim Beach (ie continuation of the Round the Bay walk) for tourism and resident amenity purposes;

- c. Priority 3: Pathway through the bush from Erowal Bay to the Wool Road Vincentia or the alternative route adjacent to the golf links at Vincentia.

Each of the above proposals were previously identified in the VRRRA submissions to the Strategic Planning/Delivery Program and Operations Planning Process.

- 2. Investigates the possibility of transferring any existing funding for inclusive access facilities for Huskisson that could be made available for inclusive access facilities at Plantation Point Reserve playground
- 3. Investigates the urgent need to provide a pedestrian refuge at the corner of Elizabeth Drive and Berry St to address the significant safety concerns that arise during the holiday season, as large numbers of pedestrians and cyclists attempt to cross the very busy Elizabeth Drive to gain access to the Round the Bay pathway.

This proposal was previously identified in the VRRRA submissions to the Strategic Planning/Delivery Program and Operations Planning Process.

TC18.95 Proposed Linemarking and Signage - Alternative High School - 1 Mattes Way, Bomaderry (PN 3513)	HPERM Ref: D18/306127
---	------------------------------

RESOLVED* (Clr White / Clr Gash) MIN18.866

That the General Manager (Director Assets and Works) be advised that the Shoalhaven Traffic Committee has no objection to the proposed signage and line marking plans (N27467-401 to 403 Rev 2) for the proposed Shoalhaven Community College, small scale High School at 1 Mattes Way, Bomaderry, subject to:

- a. Addressing the non-compliant sight distance for vehicles travelling westbound on Mattes Way around the north west corner of the building (movements west to south around the corner) which based on the current plans will result in conflicts to both vehicles manoeuvring to / from the 90 degree parking spaces as well as conflicts with pedestrians, including disabled, currently proposed to use the roadway at the intersection to access the existing pathway for access the building, and the deficient sight distance at the sites' car park access, by;
- b. Converting the first two modules of parking south of the intersection (i.e. both north and south of the existing ramp) to all indented parallel parking (for pick up-drop off, including the first two spaces to be disabled compliant), and including the provision of continuous kerb and guttering and footpath along this length and associated pram ramps in accordance with standards, and;
- c. Amending the sight distance drawing to reflect the above change, and checking each of the proposed spaces for a conflict between vehicles manoeuvring out of those spaces with entering traffic (movements west to south around the corner), the drawing shall show clearly the actual individual measurements for each versus the required minimum standard

- d. Reviewing the third module of parking (south of the car park access) to ensure compliance with sight distance standards (which may result in a further loss of car parking adjacent to the access), and;
- e. Amending the times shown on the proposed 40 km/hr school speed zone signage, and the proposed pick up/drop off zone, to be consistent with standard "school times", and;
- f. Amending the swept path drawing for the Endeavour Energy vehicles to show design swept path movements for both entering and exiting vehicles via the proposed changes to the internal intersection on Mattes Way
- g. Addressing the lack of disabled compliant pedestrian access between the proposed external bus pick up and drop off zone along the highway with the proposed school, by providing a sheltered disabled compliant bus pick up/drop off area for the bus stop on the Highway, a continuous footpath link from the bus stop to the school, and including a disabled compliant raised pedestrian crossing on Mattes Way (as far west as practical from the Highway, and generally to align with the school entry).
- h. Revised plans addressing the above to Council's satisfaction to be submitted to Council's Traffic Unit for review prior to issue of engineering approvals.
- i. The assessment required in twelve (12) months' time shall review whether the implementation of LATM measures such as speed humps or other physical means of slowing vehicles down should be implemented (travelling west on Mattes way, prior to the internal intersection, and travelling north on Mattes Way, prior to the site car park access), and if so, the plans be amended accordingly (will require Shoalhaven Traffic Committee approval).
- j. The assessment required in twelve (12) months' time shall review whether a 'No Stopping' zone should be implemented along the full length of the Endeavour Energy wall along the western side of Mattes Way, and if so, the plans being amended accordingly (will require Shoalhaven Traffic Committee approval).
