MM25.19 Offer of Road Crew Assistance - Mid Coast Council - Natural Disasters

HPERM Ref: D25/372619

Recommendation

That Council authorise the Acting Chief Executive Officer to send a pothole crew and equipment to assist Mid Coast Council for a period of one week at an estimated cost of \$12795.00

Details

At the Ordinary Meeting of 27 May 2025 Council resolved to (MIN25.245);

Note the natural disaster declarations in the Mid North Coast and Hunter LGA's following the recent significant weather events across NSW and write to each council to express our support and offer any assistance we may be able to provide to aid in their recovery efforts.

Mayor, Adrian Panuccio of Mid Coast Council responded positively accepting Council's offer of support.

Councillors may be aware that Mid Coast Council have had 4 major incidents in the past 5 months.

They estimate they have \$257m in road repairs, \$115m in lost community infrastructure, \$7m in damaged water and sewer infrastructure as well as a bridge to reinstate. The Council has partnered well with the local community and removed 40000 tons of waste debris quickly. The community is committed to getting on with the job of recovery but could do with a little help.

I am proposing that Council sends a pothole repair crew of 3 people with a truck and utility for one week to assist Mid Coast Council in repair operations.

It is estimated that the cost of this assistance including travel, accommodation, plant costs and salaries would be around \$12795.00

I commend the motion to Councillors.
