IA26.4	Presentation - Draft Community Infrastructure Strategic Plan 2056	
	Attachment 1	Draft Community Infrastructure Strategic Plan 2056 CISP - Information Sessions..... 1

## **Draft Community Infrastructure Strategic Plan 2056 – Public Exhibition Begins 22 April**

The newly developed draft Community Infrastructure Strategic Plan 2056 will be on public exhibition from 22 April – 20 May. This long term strategy outlines more than 1,000 recommendations shaping the future of pools, parks, sporting facilities, community buildings, and cultural facilities. Designed as a roadmap to guide development over the next 30 years, the draft plan represents a major step in planning for a growing and evolving community.

Invitations to attend information sessions will be issued to the Inclusion & Access Advisory Committee over the next week. Information sessions are by invitation only and are designed specifically for key stakeholders. They will assist IACC members in navigating the draft CISP, understanding its recommendations, and provide an opportunity to ask questions directly to Council staff.

More information about the CISP Review project is available on our website:
